
CONTACT INFORMATION	Biological Sciences 2901 Main Street Lubbock, TX 79409 806-834-5750 (office)	Texas Tech University matt.johnson@ttu.edu website: mossmatters.com
EDUCATION	Ph.D. Duke University, Durham, NC Dissertation: “Evolution of Mating Systems in <i>Sphagnum</i> peatmosses”	May, 2013
	B.S. with distinction , Duke University, Durham, NC Honors Thesis: “Genetic relationships within <i>Sphagnum cribrosum</i> Lind. “wave form” and “normal form” in southeastern North Carolina using three anonymous nuclear genes.”	May 2006
PROFESSIONAL APPOINTMENTS	Assistant Professor Biological Sciences Texas Tech University	September 2017 to present
	Director E.L. Reed Herbarium (TTC)	September 2017 to present
	Postdoctoral Research Associate Plant Science and Conservation Research Center Chicago Botanic Garden Supervisor: Norman Wickett, Ph.D	June 2013 to August 2017
PUBLICATIONS	Journal Articles (18 total, 7 first-author, h-index: 8) Google Scholar Profile

- († Authors Contributed Equally; *Undergraduate Student)

AWARDS AND
FELLOWSHIPS

Harold Sanford Perry Prize (\$5,500)	May 2013
– Annual departmental cash award for the best dissertation in Plant Sciences.	
– Students are nominated and selected by Duke Biology faculty.	
Duke Biology Department Grant-in-Aid of Research (\$500)	June 2012
E. Bayard Halsted Scholarship (\$19,836)	August 2010
Sigma Xi Grant-in-Aid of Research (\$1,000)	December 2009

PRESENTATIONS **Invited Seminars**

One Set of Markers to Rule them All: Advances in Targeted Sequencing for Phylogenetics from Populations to Phyla <i>Wichita State University</i>	<i>April 2018</i>
Phylogenomic insights into the radiation of bryophytes. <i>Utah State University</i>	<i>October 2017</i>
Phylotranscriptomic analysis reveals widespread gene duplication associated with the radiation of pleurocarpous mosses <i>XIX International Botanical Congress, Shenzhen, China</i>	<i>July 2017</i>
Building a better tree and using it wisely: Phylogenomic approaches in non-model organisms <i>Chicago Plant Science Symposium, Field Museum</i>	<i>April 2017</i>
Building a better tree and using it wisely: Phylogenomic approaches in non-model organisms <i>University of Connecticut Biology Forum</i>	<i>March 2017</i>
Targeted Exon Sequencing in Non-Model Organisms: Best Practices for Probe Design and Data Analysis with HybPiper <i>PAG XXV, MycroArray Session</i>	<i>January 2017</i>

Introns, Paralogs, and Ditching the Bootstrap: Targeted Sequencing with HybPiper
University of Florida PopBio Seminar Series September 2016

Phylotranscriptomic insights into the radiation of mosses
2nd International Symp. on Pleurocarpous Mosses. Bonn, Germany June 2016

Evolution of niche preferences in *Sphagnum*
New Phytologist Sphagnum genomics meeting, invited participant April 2016

Ecological genomics in peatlands: the rise of *Sphagnum* as a model system
University of Chicago Darwin's Weekly Seminar Series February 2016

Reconstructing the ancestral gene set of bryophytes from comparative transcriptomes
PAG XXIV, Non-Seed Plant Section, San Diego, CA January 2016

Another abominable mystery: using phylogenomics to explore the radiation of mosses
University of Wisconsin Biology Colloquium March 2015

Scaling evolution from genomes to ecosystem in peatmosses (*Sphagnum*)
NESCent Catalysis Meeting, invited participant October 2014

What can phylogenetics teach us about peatland ecology?
Symposium: The evolution and ecology of aquatic bryophytes.
American Bryological and Lichenological Society Botany Conference, July 2014

Scientific Meetings

Botanical Society of America, Savannah, GA July 2016
Colloquium Presentation: A re-evaluation of ancient horizontal transfer in bryophytes using comparative transcriptome data.

Botanical Society of America, Edmonton, AB July 2015
Oral Paper: Phylotranscriptomic insights into the radiation of pleurocarpous mosses.

Botanical Society of America, Boise, ID July 2014
Oral Paper: Constructing phylogenetic datasets with bait-capture data without a genome: strategies and challenges.

Botanical Society of America, New Orleans, LA July 2013
*Oral Paper: The relationship between mating patterns, sexual condition, and microhabitat preference in *Sphagnum**

American Society of Human Genetics, San Francisco, CA November 2012
Poster: Comparison of phylogenetic and haplotype methods for the study of genotype-phenotype association in genome-wide studies.

Botanical Society of America, Columbus, OH July 2012
*Poster: Evolution of microhabitat preference in *Sphagnum**

Evolution Meeting, Norman, OK June 2011
*Oral Paper: Fitness and fecundity variance in a natural *Sphagnum* population: potential for sexual selection?*

TEACHING EXPERIENCE

Instructor, Texas Tech University 2017 - present
Biology of Plants (BIOL 1401)
Non-majors course
Phylogenetics (BIOL 6304)
Graduate course

Co-instructor, Northwestern University 2013-2016
Field and Lab Methods in Plant Biology and Conservation (PSC 450)
Phylogenetics and Genomics Section
Nyree Zerega, Course Coordinator

Guest Lectures

“Introduction to Phylogenetics” January 2014, 2015, and 2016
Functional Genomics (BIOL 378, Northwestern University)
Norman Wickett, Instructor

“Species Trees: Methods and Considerations” November 2012
Systematic Biology (BIO 556L, Duke University)
David Swofford and Francois Lutzoni, Instructors

“Introduction to R” October 2012
Practical Bioinformatics (BIO 313, Duke University)
Carrie Olson-Manning, Instructor

Teaching Assistant, Duke University Biology Department
BIO 212L Microbiology Spring 2009, Fall 2012, Spring 2013
BIO 26L Organismal Diversity Summer 2010

PROFESSIONAL
AFFILIATIONS

Reviewer

- *Annals of Botany, American Journal of Botany, Biological Journal of the Linnaean Society, The Bryologist, Heredity, International Journal of Plant Sciences, Molecular Phylogenetics and Evolution, Organismal Diversity and Evolution, Taxon.*

Memberships

- American Bryological and Lichenological Society, American Society of Naturalists, Botanical Society of America (lifetime member)
